HocerMed

# iScalpel™

## Ultrasound Activated Scalpel

## Company Profile

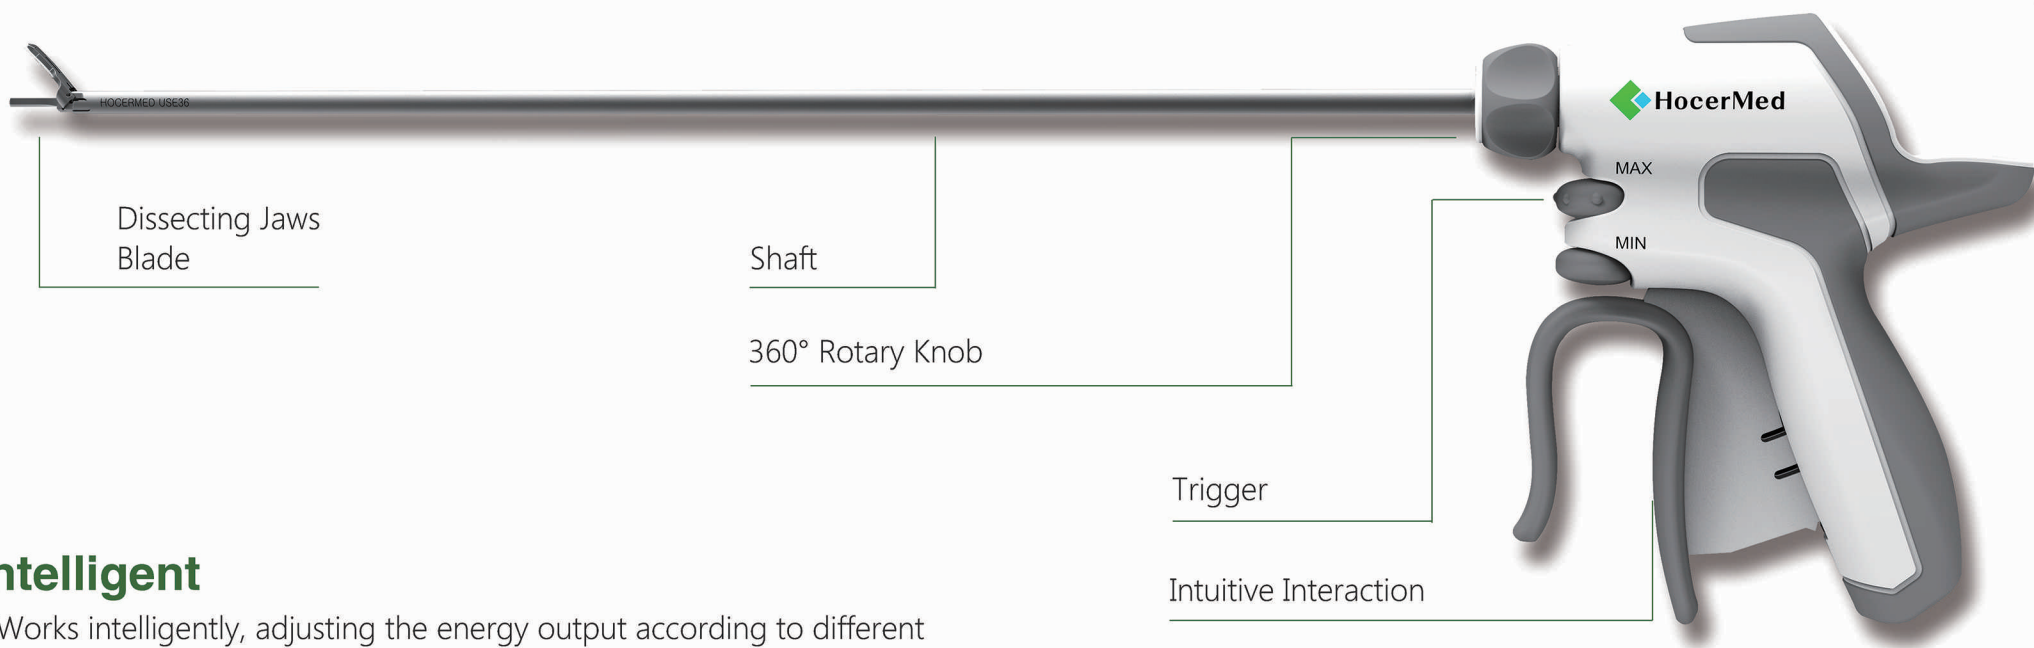

Founded in 2010, Hocer Medical is one of the leading providers of ultrasound surgery systems in China.

Headquartered in Beijing China, Hocer Medical also possesses R&D subsidiaries in Virginia USA, manufacturing facility in Tianjin, sales and marketing office in Shanghai.

Hocer Medical developed the ultrasound surgery system iScalpel™. These products are widely used in clinical surgery. All these products have CE certificates.

Inspired by the demands of our clients, we are dedicated to improve the performance of surgery, to help reducing its cost and making it more accessible to a larger part of the world.

# SHEARS USE36

## Intelligent

- Works intelligently, adjusting the energy output according to different tissue, better performance of cutting and coagulating
- Self inspection guarantees safe surgical operation

## Effective

- Finish cutting and coagulating at same time
- Made of higher grade materials, easy to hold and operate, multi-functionality in a single device

## Safe
